Hospitality, worth knowing and good food

26 Dec 2018

We were on a scooter on a "north tour" across the island and found the farm good. If you ordered something in the restaurant, you will get a free tour of the farm right after the tour. I saw and learned a lot of new things. Not only about pepper, which grows naturally without chemicals here and is harvested by hand and processed further, but also on many other fruit plants and local herbs. The food and drinks are like the whole trip to this farm highly recommended.

Interesting tour of the grounds - was showed around the pepper plants and they allowed us to taste everything that was growing. Also took us to the small brewery and bee farm although these are only small so didn't take long. They also have a small area where you can buy the products and get food/drink. There was not much else to do in our area other than this so was nice to get out for a few hours.

the most beautiful farm

15 May 2018

This farm is a nice surprise! Welcomed very friendly, we first went around the owner through the pepper fields to learn more about this product and its manufacturing process, Small stop at the brewery the beer of the island (excellent) and all the fruits that grow in the beautiful

garden. In the end, a free tasting of products is proposed, and we often leave with small packets full of hands! I recommend this tour which is a must now in the island

**Hike in the national park**

11 Jun 2017

A hike through the national park is recommended. Do not forget swimming trunks, there are also waterfalls where you can find deeper water and swim. Anyway, a very relaxing matter.

**Really worth it experience!!**

14 May 2017

The full day tour is packed with exciting and satisfying activities plus a very informative tour guide we had. She covered the important points of the places we went to and also funny! Never a dull moment on this day and lots of good food and drinks to experience all throughout the day! Will surely recommend this to friends coming to HCM.
