religious pilgrimage?

02 Mar 2017

the tours were well organized and very interesting. the guides were knowledgeable and spoke decent english. Since Buddhism is so engrained in their culture, many of the sites were religious in nature and became somewhat repetitive. The non religious sites were well selected interesting and informative. We also had the flexibility, as a small group, to nix certain sites and substitute them for others more relevant to our interests.

Awesome first time experience in Siem Reap, Cambodia

13 Aug 2015

Had a great time exploring the history of the ancient temples and getting a taste of what life is like for the people in the fishing villages along the Siem Reap river. My tour guide was extremely knowledgeable about Khmer history and was able to answer all of my questions whether they be related to history, culture or just daily life in Cambodia. One tip...be sure to drink lots of water and bring a sweat towel while temple exploring. :)
