This was our first time to see the Ayutthaya Historical Park and this is the place I was really keen on seeing. I just have to see the Buddha's face on the tree. It felt surreal. The place has lots of visitor but we still manage to take some good photos to remember our day here. This place is a must see.

Amazing Trip !

Ha Long bay is by far one of the most beautiful and intriguing settings in the world. There are a number of opportunities for tours of the bay. Make sure to include a walk through the amazing caverns/cave structure. It is phenomenal. The walk through the cavern is fairly easy and very well presented with accent lighting as well as appropriate safety precautions throughout.

Awsome!

It was my second trip to ha long bay, not my last. The 1 night cruise was great fun, next time i will do the 2 night cruise. Lots of places to see and explore, food was good and the night so tranquil. The landscape like from the avatar movie. The views are spectacular hence tourist flock to this place in thousands. Two day, one over night stay felt about the right amount of time to spend here. You can enjoy swimming in a

secluded bay - if that's even possible to find such a thing, exploring caves, kayaking around the floating oyster farms. The next stop of this tour is Ho Chi Minh city. Whether you are backpacking on a shoestring budget or looking for a luxury vacation infused with adventure, Ho Chi Minh City (HCMC, also known as Saigon), is a place you cannot miss. While there is a huge amount to see and experience across Vietnam, Ho Chi Minh offers a great mix of food, history, adventure, culture, and shopping and is a region of the country you should plan on spending at least a week to maximize the experiences you can have. At the end of the tour, I spent my time in Thai Land, the most impressed city is Chiang Mai, Chiang Mai's Old Town was one of my favourite places in Thailand. The city is full of culture, friendly and relaxed locals, delicious food markets and what seems like endless beautiful temples. Chiang Mai is fast becoming the place to be seen.

Beautiful

Iconic attraction of Ayutthaya. If you can bear the crowds and get a photo then do it and after that spend some time admiring the beauty!

Beautiful Trip

When we booked the trip we asked to see all of the don't miss sites. What we saw was everything plus plus plus. We had numerous flights between the 4 countries and did not have any issues at all. Our guides, it was a private tour, at every stop were terrific and did everything we had asked. Their airport rapport was incredible to the point they would not leave us until they were sure we were where we needed to be. Ten star vacation without a doubt
