The charming town still has a lot of colonial architecture, in particular the old market, the church and many old villas and traders' houses. We visit one of them, a beautifully renovated traditional house of a Chinese trader's family. This sumptuous building belonged to the main character of the novel „The Lover” and indeed to the lover of Marguerite Duras.

Amazing + Busy River

11 Dec 2018

We booked an overnight with Mekong Eyes and loved every minute. We expected the cabins would be small but were pleasantly surprised to be given one of the two stern cabins with a small balcony (none of the other cabins have balconies on the "junk style" boats. Although there is a large top balcony we enjoyed our private balcony (and a glass of wine) in the evening when the river traffic was less + just relaxed. We again watched the sunrise from this balcony. The staff were very friendly and speak several languages so no issues there. The meals were very good and cater to individual needs. Just before disembarking we were taken through the floating markets on a smaller boat and then a bit of souvenir shopping. Although there are day tours --well worth doing an overnight as the cruise covers about 150 kilometers of the river

Wonderful Experience!

15 Apr 2018

Very friendly and helpful staff throughout the cruise made for an unforgettable experience. On board accommodation was very good

considering and the meals were excellent, with more than enough to eat. The tour guides were very knowledgeable and provided excellent support throughout. The cruise provided some extra land based activities as well as the opportunity to navigate a small back channel in a sampan which just added to the experience. I'd certainly recommend to anyone visiting Saigon to visit the Mekong.
